Day 1

Dinner

Toronto.... Toronto is as cosmopolitan as they come. To newcomers, Toronto may seem like just another big city - downtown is dotted with skyscrapers, the city's streets are bustling with people on the go and the public transportation system is top-notch. But lift up the hood of Canada's biggest city and you'll find there's more to the eye than an amazing skyline. Toronto is considered one of the most culturally diverse cities in the world with more than half the population born outside of the city. Toronto houses 200 ethnic groups that speak upward of 140 different languages, making this Ontario destination a world all its own. With Greektown, Little Italy, Koreatown and Chinatown all within city limits, travelers may feel as if they've seen more than a couple of countries after a visit to Toronto.

Cultured and cosmopolitan, Toronto manages to remain relaxed, livable, and fun - all at the same time. Canada's center of the arts and media has plenty of pleasant tree-lined streets in Yorkville for window-shopping and wandering, a host of independent galleries in West Queen West with edgy works, big-name music festivals year-round, and an adventurous, constantly evolving food scene. Toronto's impressive sights may be what pull you in, but its vibrant neighborhoods, artistic happenings, and friendly locals will make you want to return.

The speed at which the river falls creates a misty fog and an unmistakable roar heard from miles away. From the top, crowds flock to the railings to feel the mist on their faces. As you follow the water's path downward, boats, platforms and observation decks support colorful poncho-clad visitors. Few places in the world blend the majesty of nature with such a warm welcome!
